“Saving Space....Beautifully” is far more than a simple statement. Helping you recapture valuable floor space and making the most efficient use of a guest bedroom or home office is our goal. You can rely on our nearly 20 years experience of Wallbed craftsmanship. When you work with us you speak to a real person. Since we are the manufacturer, you buy directly from us, saving you money. With our network of shipping companies, we consistently deliver on time and above customer expectations. We love what we do and we look forward to working with you.

Our Tuscany is the crown jewel of Wilding Wallbeds' top-of-the-line Premier Gallery series of Murphy Beds. Its gorgeous Tuscan style solid wood, raised panel face, exquisite French curves, decorative fluted columns, and charming rosettes set the Tuscany apart from all other Murphy Beds. Like all of our Premier Gallery Murphy Beds, the all-wood Tuscany is created with world-class craftsmanship and the finest materials, including solid hardwood and hand-selected, strong and stable furniture-grade plywood. The Tuscany is also available in your choice of five woods, 22 stains and your choice of twin, full or queen size.

*The Premier
Gallery Series
WALLBEDS*

Depending on your wood and stain selections, the Tuscany can look wonderful in a range of settings and decorating themes, from formal to laid-back countryside casual. Pleasant dreams!

The Harmony

Our Harmony wallbed is uniquely beautiful and elegant. It is distinctive from all other wallbeds because of its solid wood, rope welt trimmed, raised panel wallbed face. The rope welt trim and raised panel allows the Harmony to blend with many decorating styles. Depending on your wood selection, this wallbed can look formal, casual or rustic. All of the solid hardwood used in the face panel is hand selected and color matched for uniformity. If creating a luxurious, open and airy feel is your goal, the Harmony model is the wallbed choice for you. You can compliment this wallbed with any of our many side cabinet selections. *The Harmony shown here is African Mahogany wood with Mission finish and brown glaze.*

All of our Premier Gallery series wallbeds are constructed of solid wood face panels or hand selected furniture-grade plywood and solid wood trims. Wilding Wallbeds never uses particle board or plastic construction in any of our Premier Gallery series products. Our Premier Gallery wallbeds feature the unique state-of-the-art piston lift mechanism. This mechanism produces the "whisper quiet" easy lift function that has become synonymous with Wilding Wallbeds. This mechanism is so smooth and easy to operate, you'll find it a pleasure to open and close your wallbed. Premier Gallery wallbeds also include our patented double locking leg system.

The Plantation

Our new Plantation model is a wonderful addition to our Gallery Series of Wallbeds. The Plantation offers a fabulous old farmhouse look. This wonderful wallbed will add an atmosphere of comfort and elegance to whatever room you choose to use it in. Our Plantation Wallbed uses nine solid wood raised panels on the bed face, which provides

Dimensions for our Harmony, Oxford and Windsor models

| Size | Height | Width | Depth | Projection |
|-------|--------|-------|-------|------------|
| Queen | 87.5" | 64" | 16" | 84" |
| Full | 82.5" | 58" | 16" | 80" |
| Twin | 82.5" | 43" | 16" | 80" |

more than simple durability, it provides elegance that is comfortable to be around. This is a Wallbed that you'll be proud to offer your guests.

The Windsor

The Windsor is an exciting addition to our Premier Gallery Series Wilding Wallbeds selections. This wallbed is unique from all other wallbeds because of its solid wood "Pillow Panel" bed face. The Windsor is a perfect fit for any room in your home. Depending on wood type and stain selection, this wallbed can be formal, casual or rustic. The pillow panel face allows it to blend with many decorating styles. This beautiful wallbed has a look all of its own and is simply a pleasure to be around. If creating a comfortable luxurious feel is your goal, the Windsor is the perfect wallbed selection. *The Windsor shown here is Alder wood with Burnt Sugar finish and black glaze.*

Twin, Twin XL, Full, Full XL and Queen sizes are all available in any of our Gallery Series Wallbeds. You can compliment this Wallbed with any of our many side cabinet selections, creating the function in the room that you desire.

The Hampton

The Hampton model shown here is Alder wood and White finish.

Our Hampton model is a fun, stylish Premier Gallery Series Wilding Wallbed. The Hampton is designed for casual, comfortable living, a perfect fit for the beach house or cabin. Think of the convenience, another bedroom when you need the bed or a beautifully appointed cabinet when you need the space in your room for "living". No one will even know this is a Wallbed. As with other Wilding Wallbeds, the Hampton is available in your choice of wood and any of our standard hand-rubbed finishes.

The HomeFront Series WALLBEDS

Designed with the American Craftsman furniture lover in mind, this unique wallbed gives you a taste of early United States culture. It's like placing a piece of history in your home. This door and drawer panel face is tastefully designed in a perfectly balanced old mission style. This wallbed has a warmth about its design that is just a pleasure to be around. This is a wallbed that will make you feel confident as you offer a room for the night to your family and friends. Attention to detail and quality craftsmanship is unsurpassed in this beautifully detailed Wilding Wallbed. The American Craftsman is available in all of our wood selections, but we specifically suggest Quarter-sawn Oak, Rustic Cherry, Knotty Alder or Pine wood.

The American Craftsman

This queen size American Craftsman image to the left is shown with one 24" Deluxe Three Drawer cabinet (right side) and one 24" Wardrobe Cabinet with Glass door (left side). Glass doors and shelves are an option that may be added to any of our cabinet selections. Note the glass shown in this cabinet is "Reed Glass". Many other glass styles are available upon request. Make sure to see all of the glass selections. Both cabinets also feature our optional Slide out Night Tray, which adds a convenient night stand when you need one, and disappears into the face of the cabinet when you need the extra space in your room. *The American Craftsman shown here in Quarter-sawn oak wood with our Mission finish.*

Shown here in Cherry wood,
Crimson
Spray
finish.

The Presidential II

The Presidential II Murphy Bed from Wilding Wallbeds is a true American classic, handsome and traditional. From the hand crafted solid wood raised panels that provide dimension that no flat paneled face can, to the solid wood face trim that is hand selected for beauty and color uniformity, this Murphy Bed has proud American craftsmanship written all over it. While this Murphy Bed would certainly beautify

your home office or guest room you may find it's just too pretty to hide it away. From the most formal setting to a more casual motif, the Presidential II will feel right at home. If you are looking to add a real American classic to your home, the Presidential II will be a proud member of your family for years to come.

Shown with optional lights in the bridge. Lights are easy to switch using the three way touch control mounted on the head board. This lighting system also includes a "safety cut-off switch" that automatically shuts the lights off as the bed is raised.

The Brittany

on all of the solid hardwood trim pieces. As an option, the Brittany trim can also be left more squared to create a great Shaker look. Just select the wood and finish that best fits your needs. The Brittany shown here is Alder wood with Autumn Haze finish.

With its recessed-panel bed face, the Brittany offers a comfortable traditional style that will add beauty and functionality to your home office or guest bedroom. The Brittany comes standard with traditional crown molding and traditional routing

The Alpine II

The Alpine II wallbed, with its full length four panel face offers a simple traditional feel that fits very well in a more casual décor. The Alpine II comes standard with crown molding and solid wood trim pieces shaped with a traditional profile. The Alpine II trim pieces, however, can be left more squared to create a simple Shaker look. Available in any of our standard multi-step finishes. The Alpine II will finish off your home office or guest room with style.

The Alpine II model shown here is Knotty Alder wood and Mustang Finish.

Shown here in Alder wood, Burnt Sugar Finish.

Our Drop-Down Table option can be added to nearly all of our wallbed selections. The table leg is designed to match the style of the wallbed that you choose. The Drop-Down Table can be locked in the up position when not in use.

Shown here with our optional "Drop-Down Table" and two 24" Deluxe Three Drawer cabinets both with our optional Slide Out Night Tray in Alder wood with Sunset Bay finish.

Our beautiful Chalet model is a clean contemporary style and is one of our most popular wallbed selections. The Chalet employs all of the quality construction techniques at a budget conscious price. The Chalet employs a comfortable contemporary bed face with minimal trim and no crown molding. This wallbed is available in all of our standard finishes as well as unfinished for the do-it-yourself project.

Bi-Fold Bookcase Wallbed

Would you like to squeeze every inch of practicality out of your new Wallbed? Look no further than our unique Bookcase Wallbeds. Where else can you get the convenience of a Wallbed and the storage of an integral bookcase in one unit? We offer both the Standard Bookcase and the Bi-Fold Bookcase options for you to choose from. All of our Bookcase Wallbeds, whether twin, full or queen size

come with a commercially rated, powder coated, steel Murphy frame complete with European style wood slat mattress support for comfort and wall mount brackets for easy installation.

Wilding Wallbeds recommends that your mattress does not exceed 11" in depth for use in the Bookcase Wallbed.

Standard

Bi-Fold

Our standard Bookcase Wallbeds will hold up to 200 lbs. per bookcase section (400 lbs. total) while the Bi-Fold Wallbeds will hold up to 60 lbs. per bookcase section (240 lbs. total), evenly distributed.

(right) This model is shown in Alder wood, English Manor finish with Optional Crown Molding.

The
Studio Series
MURPHY BEDS

*Shown here in Alder
wood, Aurora
Splendor finish.*

The Dakota

The Dakota is our most economical Murphy bed. However, this too is an all wood product. The Dakota is designed to have a simple contemporary feel, which fits beautifully in a casual or contemporary décor. The Dakota Murphy bed is available in all of our wood types and stain selections. The Dakota employs our spring lift technology and has a lifetime mechanism warranty.

Dakota Melamine

Looking for a Murphy Bed that maximizes the buying power of your hard earned dollars while at the same time providing space-saving functionality, convenience, beauty, and exceptional comfort? Here it is: The Melamine Dakota Murphy Bed has a sleek, clean look and feel. It is modestly elegant and contemporary. And you have a choice of more than a dozen beautiful colors to choose from, so your Murphy Bed will reflect your personality and tastes. The Melamine Dakota is available in twin, full, queen or king size.

Our Studio Series Wallbed line uses our Spring Lift mechanism which is ISO 9000 rated to 2000lbs and has a lifetime warranty. This mechanism is adjustable, by simply adding or removing springs to create the "lift" that you desire. Our Studio Series Wallbeds (except the Melamine Dakota) are all wood products with solid wood trims and moldings.

Shown here in Melamine, June Mahogany color.

The Remington

This fabulous Remington model is one of our most popular Murphy Bed selections. This four-panel, solid wood trimmed face has a wonderful and comfortable design. This Wallbed provides multi-functionality to any room in your home. When in use, the Remington is a pleasantly comfortable bed for the night. When stored in the upright position, you'll have your room to use as you please. With so many wood choices and color options, you'll find our Remington is a beautiful piece of furniture that works efficiently in any room in your home. The Remington model comes standard with Crown Molding for that added touch of style. *The Remington shown here is Cherry wood / Autumn Haze finish.*

Helping you achieve the desired function of your room is a major focus of ours. You will find multiple cabinet choices to compliment your Wallbed in our line up.

The Newport

Our Newport model is a truly exciting Murphy Bed selection. Just think of the possibilities. This eight-panel solid wood trimmed face employs a bead-board design that offers wonderful design and beauty in a Murphy bed selection. In addition to its beautiful design, the Newport adds style and functionality anywhere you put it. This model is perfect for the home, condo, cabin, or beach house. The Newport model comes standard with crown molding for that extra touch of style. *The Newport shown here is Quarter-sawn oak wood in English Manor finish.*

The Sierra

The Sierra is an exciting addition to our Wilding Wallbeds Murphy Bed series. Solid wood raised panels produce a comfortable traditional look and feel to the face of this Murphy Bed that is hard to beat. What a great addition to your home office, guest room or living room. Depending on your wood and stain selection this model can fit the most formal, or even the most casual settings. Any one of our hand-rubbed finishes will add depth and beauty to satisfy any true wood lover. *The Sierra shown here is Oak wood with Grand Harbor finish.*

The Aspen

The Aspen Murphy Bed is an exciting addition to our Studio Series line up. Our Aspen has a comfortable traditional feel about its design that you will be proud to show off to your family, friends and guests. The Aspen employs two large open face panels with a beautifully columned design at the edges of the bed. Like nearly all of our Studio Series Murphy Beds, the Aspen is available in Twin, Full, Queen and King sizes. This model is displayed with our 16" Three Drawer cabinet (left side) and our 16" Deluxe Door & Drawer cabinet (right side) *Shown in African Mahogany wood with our Burnt Sugar finish and Black Glaze.*

Park City

Our new Park City model offers a comfortable rustic look that will remind you of simpler days, when value was equivalent to durability. This model is tough enough to use every day, has a lifetime guaranty and is ISO 9000 rated to 2000 lbs. You will love and enjoy this Murphy Bed for years to come. This model employs a beautifully designed shaker trimmed face that fits perfectly into any casual décor. Sink down into this Murphy Bed for a good night's sleep and let the hustle and bustle of the modern world drift away into simpler times.

The Park City model shown above is quarter-sawn oak wood with our English Manor finish. We offer several wood selections and stain choices in this and all other Wilding Wallbed models.

Relax and read in perfect comfort

Our optional Wallbed Lights provide you an exceptionally comfortable reading area.

Our Scape Wallbed is sleek, stylish, modern and contemporary. These clean lines are so popular in today's modern settings and will add comfort and organization to any room or office. The photo here shows a model in Natural Maple and Alder Wood in the Espresso finish. As with our other Wilding Wallbeds, the Scape Wallbed has many other color choices and wood types to choose from, giving you the freedom to "color" your room the way you'd like it. The Scape Murphy Bed is all about contemporary design and quality construction at a moderate price.

Sleek, Stylish, Durable and Reliable, The Scape has it all!

The Scape

The Nexus

Sleek, stylish, modern and contemporary are all terms that describe the Nexus Murphy Bed from Wilding Wallbeds. This Murphy Bed has the simple, clean lines that are so popular with today's interior designs. In addition to the combination of Natural African Mahogany and Alder Wood in the Espresso finish shown here, you can choose from any of our 13 standard and 9 optional stain choices to match your décor.

The Nexus Murphy Bed is more than just a pretty face when it comes to solving your space saving needs. Contemporary design and quality construction at a moderate price is what the Nexus Murphy Bed is all about!

Our Nexus model offers a fabulous Home Office option too...ask for details.

Corner Protectors are a comfortable addition (\$69) to any of our Wallbed selections. Corner Protectors offer a dual function. They protect your shins against bumps plus they secure the bedding when the Wallbed is closed.

Wallbed Care Kit

We frequently get asked, "How do I care for my new Wilding Wallbed?". For this reason, we have assembled a basic Wallbed Care Kit (\$39) with all of the necessities. Our Care Kit includes a Stain Pen & Putty Stick both in your stain selection, Furniture Cleaner (environmentally friendly), three dusting cloths plus a Wilding Wallbed tin for organized storage. This kit will help you keep your Wilding Wallbed looking beautiful for many years to come.

Wilding
Bunk
Beds

(Top) Alpine II model shown in Oak wood with our Black Finish.
 (Bottom left) Tuscany model shown in Knotty Alder wood with our Burnt Sugar finish.
 (Bottom Right) Chalet model shown in Oak wood with our Autumn Haze finish.

Our bunkbeds are unique in the industry. They offer world-class quality and astonishing beauty and maximum space savings. Just imagine the transformation of your limited space. Wilding Wallbeds Bunkbeds are the perfect choice for any child's room, fire station, cabin, lodge or dormitory. Bunkbeds come standard with a ladder for easy access to the top bunk and a guardrail for safety. All models are available in extra long for adults. No one builds them like Wilding Wallbeds!

The upper bunk has been weight tested to more than 1,500 pounds. See the photo demonstration on our web site.

Low ceiling height? Wilding Wallbeds offers all of our Wallbeds in a Side Mount style (except Bookcase models).

Side Mount Wallbeds are available with an optional "Top Cabinet" as shown in the photo below. (Model shown below and on right is an American Craftsman Full size, Oak wood / Mission finish.)

The Side Mount Wilding Wallbed

The Side Mount model show here is our Gallery Series Windsor Wallbed. This is shown in Maple wood with a Natural finish. This model is available in many wood and color choices.

The model show here is our Nexus. Office by day and bedroom by night, and oh so easy to lift and lower.

The model shown above is our American Craftsman home office.

Wilding Home Office

At Wilding Wallbeds, our vision statement is "Saving space beautifully." Wilding Wallbeds Home Office components allow us to help you create a multi-functional room that best fits your individual needs. We help you transform your cluttered spare room into a beautiful and functional space that can be used as a guest room,

craft room, workout room, AND a truly efficient Home Office! Our Home Office option is available in all of our Wallbed and Murphy Bed styles. Because

of the nature of the Home Office, it is usually best to call us and have a conversation about your unique room needs. We then produce a computer drawing to help you visualize what your room will look like and how it will function when complete. After receiving your final approval, we go to work and create the guest room/office of your dreams. During the production we employ quality techniques that you can count on and be proud of for decades to come.

American Craftsman style shown in Knotty Alder wood with Autumn Haze finish and brown glaze.

Keeping the Environment Safe

At Wilding Wallbeds, we are aware that the forest offers us our living. We help manage and protect that resource. Our Murphy Beds, Side Cabinets and Home Office units are All Wood Products. We reduce landfill waste by recycling our hardwood and plywood waste. Hardwood off cuts are processed into mulch. Plywood off cuts are used to create our shipping pallets. **But that's not all...**

- The wood we use is harvested from a sustainable forestry program, the Hardwood Forestry Fund.
- Our Production Center solar panels provide clean renewable energy to power our equipment.
- 100% of our plywood panels are CARB compliant with the Zero Emissions standard issued by the California Air Resources Board (CARB).
- We use cutting edge energy-saving lighting products which cut power consumption in half.
- We are compliant with the Sustainable Forestry Initiative standards.
- We recycle paint thinners, stains and lacquers—reclaiming up to 95% of our solvents.
- We use exhaust filters to decrease the emissions by scrubbing the air before it is released into the environment.
